OCTOBER 1972

\$200,000 NEH grant supports Juniata curriculum

A tremendous boost has been given the new educational program at Juniata College by the granting of \$200,145 by the National Endowment for the Humanities in support of the innovative liberal arts curriculum instituted last year. In addition, the college was offered a matching grant of \$25,000.

President John N. Stauffer, in making the July announcement, said the grant will be used to implement Juniata's new educational program, including changes in the departmental structures, course formats, college calendar and the ways in which students and faculty see their roles and responsibilities.

"The grant is an endorsement by the NEH of our stress on human values and *personalized education*," Dr. Stauffer said. "This is still possible on the small college campus where teaching is the central concern."

Dr. Stauffer described the Juniata program as unique because the entire college, not selected departments or stu-

dents, is engaged in the new approach to humanistic education. The traditional majors, he explained, have been replaced by groups of courses designed by each student to suit his particular aims and interests. Juniata calls these "programs of emphasis."

Juniata's president praised the results of the first year under the new curriculum and pointed out that "as a private institution, Juniata has the freedom and the obligation to respond creatively to the changing needs of students."

Dr. Wilfred G. Norris, provost, said, "We're very happy that the National Endowment was impressed enough with our approach to liberal education to help us fulfill our plans. The grant will be used partly to encourage faculty members who are normally specialists to broaden their outlook in significant ways."

"Several new courses," he said, "will be designed in which the students will learn to deal with questions of human values—both intellectual and moral—as

they occur in a variety of contexts." Dr. Norris added that "Faculty members must be prepared to teach effectively under these new conditions."

Plans for the use of the grant include visits by a team of faculty to other colleges to share Juniata's experiences. Funds were allocated last summer for the redesigning of courses for freshmen on the nature of knowledge and of inquiry. Summer workshops were organized to involve faculty and students in the planning of the new courses.

Faculty teams were assigned the task of designing two new courses on the problems of human nature and on existence itself. "These courses," Dr. Norris said, "will ask the student such questions as Who am I?, To whom am I ultimately responsible?, What is right?, and How do I know these things?. At Juniata," Dr. Norris commented, "we think these are the kinds of questions every liberally educated person should be able to resolve."

"It all sounds very idealistic and novel in a brief summary," Dr. Norris admitted, "of course what we are really doing is trying to find the least complicated route to the heart of liberal arts education as we conceive it."

In an era of rising costs and increased competition between schools for bright students, many colleges are experimenting with new approaches to higher education. Various aspects of Juniata's plan are being tried at other colleges and universities, but it is extremely rare for a college to undertake such a large scale transformation.

Juniata's traditional academic rigor has not been sacrificed, the Provost emphasized. Associate Dean Donald T. Hartman, a member of the committee which proposed Juniata's creative curriculum development, expressed high confidence that "the new program will offer students an attractive and much needed alternative to traditional collegiate experience."

Hartzler and Kaylor awarded Dana professorships

The highlight of the fall convocation, held in Oller Auditorium on September 12, was the naming by President John N. Stauffer of Dr. Eva R. Hartzler, professor of chemistry, and Dr. Earl C. Kaylor, Jr., professor of religion, to be Charles A. Dana Supported Professors. This brings the number of Dana professorships to the full complement of four.

The two members of the faculty who were previously named Dana Supported Professors in 1971 are Dr. Esther M. Doyle, professor of English, and Dr. Ronald L. Cherry, professor of economics.

The Dana Foundation grant of \$250,000 was received by the College in December, 1969, and provides for four supported professorships when the basic amount is matched. The Dana grant plus the matching gifts by alumni and other friends of the College will add half a million dollars to Juniata's endowment.

Dr. Stauffer noted that 86 percent of the matching funds required have been received in cash or commitments, and that the matching effort will be completed by December, 1972.

The Juniata president also expressed

his gratitude to the Charles A. Dana Foundation and its officers and trustees for the grant to the College and also to the many supporters whose contributions made possible the matching gift.

Juniata was the 15th educational institution in the nation to benefit from the Dana Supported Professorships. Only three other Pennsylvania colleges hold these prestigious grants: Dickinson, Franklin and Marshall and Lafayette.

Dr. Eva Hartzler

In announcing the awards Dr. Stauffer declared that Professors Hartzler and Kaylor are both "notable for the quality of their teaching, for their scholarly pursuits, for their dedication to Juni-

ata and for the respect in which they are held by their students and fellow faculty members."

Both Drs. Hartzler and Kaylor are also former recipients of the Beachley Distinguished Professor Award. Professor

Hartzler received the honor in 1971 and Professor Kaylor was the 1972 recipient.

A Juniata College graduate and a member of the faculty since 1950, Dr. Hartzler earned her M.S. degree in biochemistry from the Pennsylvania State University and was a research assistant at Oberlin College for two years before joining the staff of the Mayo Clinic as a researcher for a like period of time.

Dr. Hartzler also served as a junior biochemist and researcher in the U. S. Department of Agriculture and later in the vitamin section of Parke, Davis and Company pharmaceuticals, as an associate nutritionist at the University of Hawaii, and as instructor in agricultural and biological chemistry at Penn State. She earned her Ph.D. degree from Penn State in 1950.

She held one of five National Science Foundation Science Faculty Fellowships awarded in Pennsylvania in 1958-59 and pursued her Fellowship studies at Radcliffe College.

Dr. Kaylor, a native of Greensburg and a Juniata alumnus, is a cum laude gradu-

Dr. Earl Kaylor, Jr.

ate of Bethany Theological Seminary, a former pastor of the Westmont Church of the Brethren, Johnstown, and the Stone Church of the Brethren, Huntingdon. He received his M.A.

from Notre Dame in

1951 and his Ph.D. in history from Penn State in 1953. He has been a member of the Juniata faculty since 1956 and has served as director of the college's summer sessions.

In 1967 he was commissioned by the Church of the Brethren to write an interpretative history of the denomination in Central Pennsylvania. The Danforth Foundation elected Kaylor as one of its Danforth Associates in 1966 for his efforts in recognizing and encouraging good teaching and in personalizing the educational process.

Dr. Kaylor is married to the former Harriet Anne Beahm of Chicago and they have three children: Susan Lynn, 19, David William, 17, and Jonathan Lee, 16.

PEOPLE

WE KNOW

1902 to 1942

by Nancy Davis '65

Mrs. D. Bruce (Nancy Roop) Davis '65 is introduced in this issue as the new editor of "People We Know." Mrs. Davis is the wife of D. Bruce Davis '65, assistant professor of English. They have two daughters: Alexandra Paige (age 1) and Brangien Paige (age 4). Mrs. Davis replaces Mrs. David A. Kreider '68, who accepted a position as assistant in admissions.

A native of Kansas, Mrs. Davis taught at the West Arundel Elementary School, Laurel, Md. She was a staff member of the Juniata College English Conference Program from 1968 to 1970. In the spring of 1971 she participated in the experimental pilot program in the new Writing Program for freshmen. She has been an instructor in the Program since the adoption of the new curriculum in September, 1971.

We are very happy to welcome Mrs. Davis to our staff.

THE EDITOR

42

From Texas we hear that HARRIET McCARDELL STAMBAUGH serves as director of the Department of Social Work in Dallas and as assistant professor of pediatrics at Southwestern University of Texas Medical School. In 1969, Mrs. Stambaugh was named Social Worker of the Year by the Dallas National Association of Social Workers and in 1970, she was awarded the Arete Award for Distinguished Service to the Dallas Community. Mrs. Stambaugh and her husband, James, make their home at 7206 Claymont Dr., Dallas, Texas 75227. They have three sons.

Anthony Reklis '42, 3M Business Products Sales, Inc. of St. Paul, Minn., has appointed ANTHONY REKLIS director of field sales operations. Mr. Reklis joined 3M company in 1956 and has most recently served as the company's eastern manager. He and his wife, Mary Jane, have three daughters (DIANE graduated from Juniata in May). They reside at 6621 Iroquois Trail, Edina, Minn.

41

CHARLOTTE KEARNEY STEELE writes that she and FREDERIC ('30) are enjoying their new home and life in Florida. Mrs. Steele is involved professionally in what once was an old hobby and volunteer activity, that of designing gift shops for hospitals. She represents Hospital Equipment Co., a division of Atlantic Medical Corporation of East Orange, N. J. The Steeles reside at Atlantic Regency East, Apt. 108, Atlantis, Fla. 33462.

39

RUTH CRAMER WATERS writes that she is now librarian at Juniata High School and a member of the Juniata County Library Board. Mrs. Waters has also appeared in the last two editions of *Who's Who in American Women* and will be in the next edition of *Who's Who in the East*. "Purely Personal" is the title of Mrs. Waters' column in the *Juniata Sentinel*. Her numerous activities have even included a seminar in the summer of 1970 in a program at the University of Szeged, Hungary, and in Moscow, USSR. Mrs. Waters' address is: Box 45, Main St., Mifflin, Pa. 17058.

38

PAUL T. HUDDLE continues his writing and religious study as he resides at Landis Home, Route 3, Lititz, Pa. Paul's daughter, son-in-law and five grandchildren are involved in Haiti mission work. His son Wilmer, daugh-

ter-in-law and three grandchildren live in Lancaster, Pa.

Reporting a change of address, LAWRENCE W. LYKENS writes that he now lives at 508 Park Ave., New Cumberland, Pa. 17070. As of July 1 he assumed new duties as regional representative, Northeast, for Asbury Theological Seminary, Wilmore, Ky.

36

Congratulations are due to J. GLENN GRAY. Harper & Row has recently published three outstanding books in paperback (New Harper Torchbooks) by the Colorado author. The works are: *The Promise of Wisdom*, *The Warriors: Reflections on Men in Battle*, and *On Understanding Violence Philosophically*.

35

MELVIN L. MCCREARY, manager of the Westvaco mill at Tyrone for more than four years, will return to the company's headquarters in New York City to become technical assistant to the manager of the Fine Papers Division.

33

EDWARD FRANKLIN HIPPLE passed away on January 16, 1971, at Mt. Carmel Hospital. Mr. Hipple was the president and founder of Artglo Sign Company of Columbus, Ohio. He is survived by his wife, Mary Jane Hipple of 34 S. Algonquin Ave., Columbus, Ohio.

Professor emeritus and Mrs. Paul R. Yoder WAVE IRENE DAVIS ('33) were recently honored at a reception at the Stone Church of the Brethren held by their son, PAUL R. YODER, JR. ('47), and daughter-in-law, ELIZABETH WHITE ('47), and their daughter, MIRIAM YODER BRUMBAUGH ('44), and son-in-law, EUGENE R. BRUMBAUGH ('46). The celebration was in honor of the Yoders' Fiftieth Wedding Anniversary. Congratulations!

32

MARY McDERMOTT CRISTINA retired after twenty years of teaching in the Bentleyville, Pa., area. She and her husband, who also retired this year as principal of the junior high school, plan to spend their new leisure time traveling and enjoying their family. The Cristinas have three children and five grandchildren.

31

THE REV. S. BOYD DICKEY, pastor of the Presbyterian Church, retires after serving the Greencastle congregation since 1959. Retirement plans for the Dickey's include a move to their home in Somerset County.

DR. E. DARE BOLINGER died on May 18, 1972, in the Leahy Clinic, New England Baptist Hospital, in Boston. Dr. Bolinger had been senior research chemist with Deering Milliken. He lived at 113 Lanford Road, Spangsbury, S. C. 29301.

30

JOHN E. SHARPE, teacher and chairman of science in Northern Bedford High School, retired after completing 42 years of teaching. His retirement plans include the pursuit of science interests and more time for church and community activities. Mr. Sharpe lives in Everett, Pa.

Retiring principal WILLIAM A. HOWE was honored during a dinner at the Lewistown Elks Lodge recently. Mr. Howe retired from the Lewistown-Granville, Pa., Junior High campus of Penn Highlands High School. He has served in the field of education for 42 years.

HELENE JOHNSON died recently in Honolulu, Hawaii.

29

Altoonian GLENN F. WILLIAMS, special agent for the Prudential Insurance Company, has been invited to attend the 1972 Presidents' Club Conference for the Prudential company in Mexico City. Mr. Williams has been associated with Prudential since 1944. Involved in many civic activities, Mr. Williams is presently director of the Blair County Society for Crippled Children.

After 46 years as a teacher in the Everett, Pa. School District, THELMA E. MORSE has retired. Miss Morse, a Latin and English teacher, became the Everett High School librarian in 1961. Miss Morse is presently serving as State recording secretary of the Alpha Beta Chapter of the Delta Kappa Gamma Society. The United Methodist Church of Bedford is another area of her activity. She continues in the library field as a trustee of the Everett Free Library and as a member of the Council of the Juniata College Friends of the Library.

ROBERT A. BAGSHAW and his wife (ANNIE LOU MEYERS '28) have a new address: 410 First St., Fort Fetter Place, Hollidaysburg, Pa. 16648. Mr. Bagshaw is general manager of Altoona Printing and Supply Co.

27

DR. RUFUS REBER of Hollywood, Fla., died recently. He had been a physicist with the Bureau of Ships in the Navy Department.

Mrs. Etta M. Replogle died June 15, 1972, at the Church of the Brethren Home, Scalp Level, Pa., after a long illness. She is survived by her husband, REV. A. JAY REPROGLE, and family. Rev. Replogle now lives at the Church of the Brethren Home and serves as chaplain at the Windber Hospital.

25

GRACE CLAPPER, a former missionary for the Church of the Brethren, died at the age of 85. She resided in Sebring, Fla.

22

ADA LEILA CRISSMAN of Hollidaysburg, Pa., died on March 15, 1972, after a brief illness.

COMING EVENTS

PERFORMANCES

Oct. 27-28—"You're a Good Man Charlie Brown"
Nov. 10-11—"Street Scene" Totem Theatre

Nov. 30—Classes begin, Second Term
Dec. 7—Lecture Series—Dr. Mark Hochberg
Dec. 15—Christmas Holiday begins at 5 p. m.

Miss Crissman had retired in 1959 after eighteen years as a teacher. She is survived by her sister, MARY CRISSMAN ('23) of 529 Hickory St., Hollidaysburg, Pa.

21

An honorary doctoral degree was conferred upon DR. JOHN B. MONTGOMERY at the commencement ceremonies of Thomas Jefferson University. Dr. Montgomery is emeritus professor of obstetrics and gynecology and has been a long time member of the Juniata College Board of Trustees. His wife is the former ELIZABETH HAINES ('24) of Huntingdon. His son, DR. BRUCE B. MONTGOMERY ('56), is also a graduate of Jefferson Medical College.

18

BERTHA NEGLEY BERGUM has received a distinguished service award from the Washington County Council of Churches. Mrs. Bergum has been responsible for the scheduling of the standard International Sunday School Lesson on WJEL radio each Saturday morning for thirty-five years.

STOLER B. GOOD died on September 2, 1972 at the Avalon Manor Nursing Home, Hagerstown, Md. Mr. Good had served as treasurer of Juniata College from 1921 to 1924. For several years he was employed by the People's National Bank and the First National Bank in Waynesboro. Mr. Good was associated with his father in the Anson W. Good and Son coal business and from 1940 until his retirement with the Landis Tool Co. He served several terms as a member of the Waynesboro School Board. In addition to his widow, MRS. RACHEL (BIXLER) GOOD '18, he is survived by a son, Anson B. Good, two grandchildren, one great grandchild and a sister, MRS. EDWARD B. VAN ORMER '24.

13

MARY WIDDOWSON SPEICHER died on March 26, 1971. She was the wife of the late Earl E. Speicher, former dean of Northland College in Ashland, Wis.

12

HARRY W. ROHRER writes from Georgia that he is "still happily living with my first and only wife." He has one great grandson now and keeps active gardening and serving as a member of the board and executive committee of the State YMCA. He's also busy with church work and as "assistant to Mrs. R." The Rohrer address is 515 Ponce de Leon Place, Decatur, Ga. 30030. Maybe that's the secret to his youthfulness. We know Mr. Rohrer would like to hear from other Juniataans.

HENRY G. GRESS died on June 11, 1972, in Somerset, Pa. Mr. Gress had served 21 years as editor of the *Somerset Legal Journal*, and in 1970, was honored for 50 years of service by the Pennsylvania Bar Association.

09

GENO BEERY TORNQUIST died on March 15, 1972. She and her husband, the late Albert O. Tornquist, had been guests at the Illinois State Masonic Home in Sullivan, Ill.

07

A. BROOKS HORNER died on June 9, 1972 at Mt. Pleasant, Pa.

02

J. OSCAR BERGANTZ of 818 Mount Vernon Ave., Huntingdon, Pa., was honored for distinguished service on June 1 by the Huntingdon Kiwanis Club. Mr. Bergantz has been a charter member of Kiwanis since 1924. He also celebrated his ninetieth birthday on this special occasion. Congratulations!

Keim calls for assistance to admission and job placement

Although the full complement of 1200 undergraduates is currently on campus, Robert M. Keim '52, president of the Alumni Council, told the members at the September 16 meeting that the "pool of potential student applicants for private colleges is shrinking. Our alumni organization," he said, "can provide a tremendous source of assistance for our alma mater."

Keim urged the alumni to supply the admissions office with the names of young people who may be interested in applying to Juniata. He suggested that alumni contact prospective applicants and discuss the advantages of small private college education.

The goal Keim suggested for the alumni during 1972-73 was the recruitment of 100 young men and women. "This is equal," he said, "to five students per alumni club."

The other objectives outlined by Keim in his speech included a closer relationship between the alumni and students on campus; continued support for the Annual Support Fund and the Margin of Difference Development Campaign; and assisting graduates to find employment.

Robert M. Keim '52

"A number of graduates of the Class of 1972 are unemployed," Keim said. "This is unfortunate and I urge all alumni to contact Mr. Ronald Shunk at the Juniata College Placement office with information about available jobs."

Keim said he hopes each alumni club will have at least one meeting during the year, and more if possible. Although the College will always have speakers available for club programs, he said,

alumni should also be considered for these local events.

"Recognizing distinguished alumni in each club area is an important part of our work," Keim pointed out. "I encourage our club presidents to recognize the outstanding members of their individual clubs by submitting names to the Alumni Council awards committee for service and achievement and to the nominating committee for positions on the Alumni Council and the Board of Trustees."

David Andrews '73, president of the Student Government, urged the Council to help bring students and alumni together for informal discussions. The first of these is being held during Homecoming Weekend. Other student representatives who participated in the meeting were Nancy Oliver, senior class secretary, and Jeffrey Laudenslager, senior class president.

The members of the Alumni Council executive committee are (in addition to Robert Keim): Charles C. Brown, Jr. '59, Henry H. Gibbel '57, Mrs. Isabelle Caulton '29, Richard W. Hollinger '53, David A. Kreider '71 (acting secretary of the

Alumni Council), Mrs. Gayle Kreider '68, Dr. William N. MacLay '47, and Mrs. Edith McCarren '51.

Mr. Kreider '71 was recently appointed acting director of Alumni Affairs, replacing Thomas Snyder '66 who assumed control of the family business in Reading following the untimely death of his father.

The members of the admissions committee of the Alumni Council whose efforts will be directed toward increasing the number of applications for admission to Juniata include: Mrs. Isabelle Caulton '29, chairman; Charles C. Brown, Jr. '59, Robert Claycomb '50, Richard Dodge '57, Rex Hershberger '50, Dr. John O'Donnell '43, and Richard Kimmey, director of admissions.

Alumni who wish to contact the nominating committee may do so through Henry H. Gibbel '57, chairman, 11 East Third St., Lititz, Pa. 17543.

The awards committee members are: Dr. William MacLay '47, chairman; Richard Coffman '50, Rev. Jack Rothenberger '52, Dr. Ben Van Horn, Sr. '38, and Ronald Wertz '59. Dr. MacLay's address is 539 Greenleaf Drive, Monroeville, Pa. 15146.

Dr. John R. Comerford '50 Biology professor dies

Dr. John R. Comerford, Sr., professor of biology at Juniata College, died Tuesday, September 26, at the Hershey Medical Center.

Dr. Comerford, a respected member of the Juniata faculty since 1954, was chairman of the Biology Department from 1962-1969. During his tenure, the biology department continued its rapid expansion begun under his predecessor, Dr. Homer C. Will, and became the largest department of the school.

At the time of his death, Dr. Comerford was on a leave of absence from the college. He was a graduate of Juniata (1950) and received his Ph.D. degree from Georgetown University in 1957.

The Juniata professor was critically ill in the Hershey Medical Center for eight days prior to his passing. Death was attributed to heart failure and pneumonia.

He is survived by his mother, Mrs. Naomi Evans Comerford, a 1925 Juniata graduate, now living at 5707 Ridgefield Road, Washington, Mrs. Doris Eichleberger Comerford, a 1964 Juniata graduate, Huntingdon, R. D. 1, and three children, John R., Jr., 18, David M., 15, and Jean E., 12. Dr. Comerford's father was the late Bert M. Comerford of Washington, D. C.

Dr. Comerford lived at 328 Washington St., Huntingdon and was a member of the Stone Church of the Brethren. Well known in his field he was a member of several professional organizations.

Dr. J. R. Comerford, Sr.

Centennial class has large number of freshmen with alumni relatives

The Centennial Class of 1976 is a typical Juniata College group of freshmen—it has 61 sons and daughters, grandsons and granddaughters, nieces and nephews of alumni. Some of the "Frosh" have as many as four or five relatives who are alumni. Some have more!

For example there is Samuel M. Livengood of Ossining, N. Y. Samuel is the son of S. M. Livengood '38 and his mother is the former Ollie Meyers '38. A sister, Judith Livengood Maxwell, graduated in 1965 and her husband is LeRoy Maxwell, Jr. '63. In addition there is a grandfather, the late D. W. '02 and a grandmother, Mrs. Mary Miller Livengood '04; Aunt Zola Meyers Detweiler '27; Dr. George L. Detweiler '28; Aunt Anna Meyers Bagshaw '28; Robert Bagshaw '29; and Uncle James E. Livengood '31.

The Hoover name is well represented on campus. Carol A. Hoover, Windsor, Dale S. Hoover, York, and Larry J. Hoover, Portage, continue the Hoover tradition.

Two Juniata brothers, Dr. Paul S. Hoover '37 and Dr. Dean Hoover '46, married two Juniata sisters, M. E. Wentsler '39 and Amy Wentsler '43. Freshman Carol is the daughter of the Paul Hoover's and Dale is the son of the Dean Hoover's. These freshmen have an aunt, Mrs. Edna Hoover Carbaugh '37, and an uncle, Mr. Guy Wentsler '50. Their grandfather was the late Rev. D. P. Hoover '06, '14. They have numerous cousins in the Stayer families.

Larry Hoover is the son of Mr. and Mrs. Mahlon (Bernice Moser) Hoover '38 and '39 and his sister, Shirley '66, is married to Dr. David Hercules '54. His brother Alan graduated in 1969.

Mrs. Dorothy S. Weikert '34 greets an entering freshman for the Huntingdon Welcome Wagon.

Another well known Juniata name in the freshman class is Robinson. John R., of Reading, is the son of The Rev. Donald Robinson '51. His uncle is Dr. Paul M. Robinson '35, president of Bethany Seminary. His aunt, Mrs. Robinson, was Mary Howe '34, before her marriage. John's cousin, Thomas '66, is Juniata's Dean of Students and another cousin, Mrs. Margaret Robinson Glick, was graduated in the class of 1963.

Other members of the class of 1976 who are related to alumni include: John S. Andoniades, Jr., Baltimore, Md.; Robert W. Barth, Everett; Richard L. Bechtolt, Jr., Minato-Ku, Tokyo, Japan; Robert H. Bryant, State College; Donald T. Burkett, Portage; Karen L. Bushong, Lititz; P. Lynn Chaplin, Altoona; Scott T. Crawford,

Farmingdale, N. J.; Robert R. Calhoun, Newark, Del.; George W. Detar, III, Greensburg; Cathy L. Dickey, Stoystown; Jane L. Dillen, Altoona; P. Ann Dunlavy, Mechanicsburg; M. Joyce Donahue, Wellesley, Mass.; Jeffrey R. Ellinger, Huntingdon; Carl D. Glaeser, Manchester, Md.; David S. Grotzmann, Springfield; B. Lynn Grove, York; Jean A. Griffith, Newry; John B. Hanlon, Coraopolis; Perry L. Habacker, Lebanon.

Mark R. Henry, Greencastle; Lillian L. Hollyday, New Holland; Steven J. Hollinger, Lewistown; Larry E. Irwin, Philipsburg; Susan M. James, Hollidaysburg; Laura A. Johnson, Rolling Hills Estates, Calif.; Shelly A. Kaltenbaugh, Ligonier; Richard I. Kann, Indialantic, Fla.; Linda A. Keech, Willow Grove; Patti R. Kehler, Kulpsville; Brian R. Knouse, Arendtsville; Alan K. Kulp, Malvern; Thomas L. Knepper, Berlin; Barbara L. Kosik, Moscow; Rebecca L. Long, Owings Mills, Md.; Thaddeus S. Montgomery, Hollidaysburg.

Gail E. Morgan, Dayton, Ohio; Genevieve Mullen, Lebanon; David M. Muselman, Cashtown; Stephen C. Nishiyama, E. Hartford, Conn.; Nancy J. Nordberg, Philipsburg; Linda O'Donnell, Lemoyne; Walter A. Palmer, Sharon, Mass.; Susan J. Pascale, Fairfield; John K. Peterson, Jr., Huntingdon; David L. Simes, Lafayette Hill; Kenneth W. Sweltz, Sidman.

Ruth Ann Randall, Frederick, Md.; D. Mont Rice, Connellsville; John R. Shuck, Huntingdon; Stephen C. Townsend, Willow Street; Karen E. Weaver, Windber; Jeffrey A. Treon, Camp Hill; Lorraine E. Widdowson, Norwood; Francis R. Wiley, Altoona; and Matthew J. Walter, Cox-sackie, N. Y.

Annual Support Fund exceeds goal under Coffman '50

Juniata's 1971-72 Annual Support Fund has exceeded its goal of \$125,000 by \$5,400, President John N. Stauffer announced.

Richard C. Coffman

Dr. Stauffer commended Richard C. Coffman, president of C. H. Miller Hardware, for his leadership as chairman of the fund. In praising the efforts of Coffman, a 1950 graduate of Juniata, Dr. Stauffer said, "Your skillful and energetic leadership in coordinating the volunteer effort was a major reason for the success of the campaign."

This is the third consecutive year that

the fund has achieved its dollar objective. Referring to the successful conclusion of the 1971-72 drive for funds for the support of teaching at Juniata and for financial aid for needy and worthy students, Coffman particularly praised the efforts of Juniata's sixty-four fund agents. He said, "Their letter invitations, personal contact, and careful follow-up made the difference. Juniata is fortunate to have such a dedicated group of volunteers."

The Annual Support Fund, which was established in 1969, has achieved goals of \$100,000 in 1969-70; \$125,000 in 1970-71; and \$125,000 again this year. Support is received from all of Juniata's constituencies including alumni, parents, friends, the Church of the Brethren,

corporations, and local business and industry.

Coffman complimented the Huntingdon community for its support of Juniata, especially local business and industry, and he noted that gifts from this corporate sector are a significant factor in the college's development effort.

He also reported that 2,632 alumni made contributions to Juniata during the past fiscal year. He explained this is a record number of alumni donors; it represents 45% participation by Juniata alumni which is also a new high.

Juniata's alumni percentage of giving has been increasing steadily over the years. Currently almost half the alumni association membership of 5,885 participates as annual contributors. Alumni re-

sponse in 1968-69 increased to 35%; 40% in 1969-70; 43% in 1970-71; and 45% for the current year. The national average is approximately 19%.

Total alumni contributions for all programs during 1971-72 amounted to \$231,156. The class with the highest total gifts, \$37,273.25, was the Class of 1917 headed by Judge Edgar G. Diehm of Youngstown, Ohio. The Class of 1922, which just celebrated its 50th anniversary, ranked highest with 78% participation. G. Preston Hanawalt of Cleveland Heights, Ohio, is the Class Fund Agent. The highest number of donors was the Class of 1967 with 89; James R. Donaldson of Akron, Ohio, is the Class Fund Agent.

Dr. Masters studies response of brain to visual stimuli

Tom Irwin (top) and Bruce Glaeser study the telemetry print-out on white rats during a research project supported by the Grass Foundation.

How do humans judge the size of objects and how does the brain respond to visual stimuli? These and other related questions are the subjects of research being conducted by students at Juniata College under the direction of Dr. Henry G. Masters, assistant professor of psychology.

Dr. Masters has just received a third grant of \$5,000 from the Grass Foundation of Quincy, Mass., for his experiments. The trustees of the Grass Foundation voted to increase the grant by \$2,000 (from 3 to 5 thousand dollars) in support of Dr. Masters' research.

The grants are meant to encourage undergraduate work in the field of neuropsychology and to acquire the sophisticated equipment needed. Cebus monkeys and white rats are used in the testing program.

"This type of research," according to Dr. Masters, "makes psychology become more real and exciting to the student. For instance, neural surgery, used in the experiments, is new to undergraduate studies in this area and is unique in Juniata's curriculum."

A library of video tapes, recording the experiments is being created at the college. The grants have helped develop a successful program for transmitting brain waves with bio-medical telemetry. An instrument which will be used in the process is a second-hand Air Force video tape machine formerly used for reconnaissance missions.

The seven undergraduates who conducted research projects last year under Dr. Masters' supervision included 1972 June graduates: John Elmo, Phillipsburg, N. J.; Mark Mann, Cheltenham; and Keith Ball, Piscataway, N. J.

Students who are now back on campus as seniors include: Thomas Irwin, Phillipsburg; Lauren Ernst, Bernville; and Bruce Glaeser, Manchester, Md.

The research of a former student, Miss Cathy Podgorski, and Dr. Masters has been published in the journal "Psychonomic Science." The subject of the article is a comparison of human and Cebus monkeys and their ability to judge the minimal height differences of cylindrical volumes.

Dr. Masters' most recent project is the installation of a small closed circuit television for the use of students in the laboratory. According to the Juniata professor the TV will help students in two ways: first, it will allow them to observe the animals from a distance; and, second, it will provide the tapes for a library concerning physiological psychology for use year after year.

Dr. Masters received his Ph.D. in 1968 from Kansas State University in the area of physiological psychology. He has published a number of papers in the American Journal of Psychology and other scientific journals on the adaptability of humans and animals to their environment.

New appointments made to administration and staff

The 1972-1973 academic year opened with a number of new appointments to Juniata's staff and administration.

Among those who assumed their duties during the summer is John M. Braxton, assistant director of admissions. Mr. Braxton came to Juniata from Point Park College where he was also assistant director of admissions.

A native of Richmond, Virginia, he graduated from the Canandaigua Academy, Canandaigua, N. Y. He received his A.B. from Gettysburg College in 1967 and a master of arts degree in student personnel administration in higher education from Colgate University in 1968.

Terry K. Engdahl, formerly assistant sports information director at Eastern Michigan University, was named director of publicity at Juniata, replacing David M. Rieker.

A native of York, Pa., and a graduate of York Suburban High School, Engdahl received a B.A. in journalism from the Pennsylvania State University in 1966 and a master of science degree in public relations from Boston University's School of Public Communication in 1971.

Robert G. Sabin was appointed Director of Libraries, following Mrs. Anne C. Catlin, who resigned before the beginning of the fall term.

Sabin had been head of the Myers Science Library at Juniata since 1969. A native of Minnesota and a graduate of St. James Academy, Mr. Sabin received a B.S. degree from the University of North Dakota, an M.S. in L.S. from Clarion State College, and has done advanced work at the Catholic University of America.

In conjunction with Sabin's appointment, Dr. Wilfred G. Norris, provost, announced three other library appointments: Mrs. Grace M. Shuler '56, catalog librarian; Mrs. B. Edwin Blaisdell '71, reference librarian; and Miss Natalie Wiest as head of the Myers Science Library.

Mrs. Shuler, an emeritus member of the library staff, is returning for one year. She received her B.A. from Juniata and a M.L.S. from Carnegie Institute of Technology.

Mrs. Blaisdell, wife of Dr. B. Edwin Blaisdell, is a Juniata graduate and holds a master of arts degree in librarianship from the California State University at San Jose.

A graduate of Penn State, Miss Wiest received her master's degree in library science from Drexel University. She is a native of Lancaster County.

Bruce W. Bader '70 was named director of the college center in Ellis Hall, replacing Will Brandau '68, who has taken a position in Lake George, N. Y.

Bader served as an admission counselor following graduation and in 1971 attended a ten-month advanced training course at the Marine Corps Officer School, Quantico, Va. He is married to the former Polly J. Egan '70.

Karen E. Gabriel, formerly a member of the student personnel staff at Mississippi State University, is a new associate dean of students. She received her M.Ed. degree in student personnel in higher education from Kent State University in 1970 and is a cum laude graduate of MacMurray College. She is a native of Chicago.

Nancy Stover '71 in special science study

Nancy Stover '71

A summer research program at the famous Jackson Laboratory in Bar Harbor, Me., provided additional insight into the role of heredity on human disorders for Miss Nancy Stover '71, a graduate student at Johns Hopkins University.

Looking north on Penn Street toward Smithfield and the Juniata River. Huntingdon, with the exception of the railroad tracks, was cut off for two days.

All roads into Huntingdon were blocked. This is the southern end of Penn Street looking toward Route 22.

JC alumni tours scheduled for 1973

1973 will see Juniata College Alumni tours heading for Mexico, Russia and Scandinavia, according to Mr. Harold B. Brumbaugh '33, vice president for college relations.

A 14 day trip to Mexico with visits to the Yucatan, Mexico City, Taxco and Acapulco will leave on February 4 and return February 18, 1973.

The tenth Juniata College Alumni tour

will leave early in the summer for a 22 day tour of the USSR and Scandinavia, including the Norwegian Fiords, Oslo, Copenhagen, Stockholm, Helsinki, Lenin-grad and Moscow.

Additional information may be obtained by writing to the Alumni Office, Juniata College, Huntingdon, Pa. 16652, or to the Weimer-Oller Travel Agency, Penn Street, Huntingdon, Pa. 16652.

The 1972 JC Alumni Tour of Middle Europe from July 3-24 included: First Row: Mrs. Tony Fitzpatrick, Mrs. Martha Miller, Mrs. Martha Swigart Sowers '45, Mr. David Samuel, Mrs. Mary Grace Hoffman Samuel '36, Mrs. Margaret Long Clemmer '50, Mrs. Sue Jamison Klein '55, Miss Sandra Cohick '59, Mrs. Blanche Henderson, Mrs. Marguerite Huff Berry '37, Miss Iris Coffman '47, Mrs. Ethyl Bookwalter '30, Mrs. Isabelle Nichols Caulton '29, Mr. Cyrus O. Caulton '29, Mrs. Kermit Laney, Miss Letitia Myers '30, Dr. Gordon Biehm, Mrs. Marion Biehm. Second Row: Miss Helen Brumbaugh '38, Mrs. J. Ross Schmidt, Miss Susan Schmidt, Mrs. Mary Horoschak (former director of residence), Mrs. Mary Miller (faculty member), Mrs. Helen Hess Mierley '25, Mrs. Sarah Yocum Lutz '25, Mrs. Beulah Leshner, Miss Beatrice McCord, Miss Genetta Wolford '41, Miss Betty Beck '37, Miss Leah Shaffer, Mrs. Martha Earnest Bowman '35, Mrs. Cleo Garver Schauers '35, Miss Mary Ellen Kensinger '46, Miss Margaret Carper, Dr. Kenneth Berry '35, Mr. Harold B. Brumbaugh '33.

This is the western approach to the underpass on Route 26. Smithfield, in the background, was badly hit.

Juniatians aid Agnes flood victims

A senior student at Juniata, Beth Coughenour '73 from La Palma, Calif., helped a state trooper deliver a baby in the back of a station wagon during the height of the flood caused by hurricane Agnes.

Her response to the emergency was one of the more dramatic incidents during the June flood, but it typified the response of Juniata's summer school students.

Recently Beth and State Trooper Raymond Tononi shared in ceremonies during which Trooper Tononi received a citation from the Commissioner of the Pennsylvania State Police. Also present were the parents, Mr. and Mrs. William Lemin of Calvin, and the baby, three month old Blaine Edward Lemin.

In a letter to the summer sessions students President Stauffer wrote, "In such a dire emergency as this flood created for the people of the Huntingdon area, all willing hands were needed. The fact that you responded so helpfully has not gone unnoticed by our friends in the community of which we are a part. In-

deed, I believe that you have opened their minds and hearts to a new understanding and appreciation of your generation."

Juniata students assisted the flood victims in three specific ways. They helped run a combination dormitory, cafeteria and coordination center at the Elks Club in Huntingdon; they set up a first-aid center on Route 22; and they helped promote a benefit dance in conjunction with Operation Comeback.

Byron D. Newquist '74, Rod Swartz '72 and Scott Nagao '73, helped to supervise over 40 Juniata students who worked in shifts. Families in nearby Smithfield whose homes were flooded received their assistance.

Evacuees were housed in the College residence halls as guests and food was made available in Ellis Hall without charge. People from the Huntingdon area who were housed at the College included boys and counselors from the Youth Forestry Camp and other volunteers who assisted during the flood disaster.

Student productions featured on campus

Student productions of "You're a Good Man Charlie Brown" and "Street Scene" will be features of the fall term as a host of cultural events offer the campus community excellent fare in the arts, music and drama.

"You're a Good Man Charlie Brown" will be staged for Parents Day weekend, October 27 and 28. Co-directed by Bruce Hirsch, chairman of the music department, and Marjorie Hirsch, instructor in music, the long-run comedy will be played by eight students.

The cast includes: Judy Rosen '73, Debbie Holsinger '73, John Summer-ville '73, Frank Pote '73, Phil Woodworth '74, David Bombaugh '73, and Terry Tomassetti '75.

Mrs. Doris P. Goehring, assistant professor of speech and theatre, will direct the popular play "Street Scene" by Elmer Rice on November 10 and 11.

Both the musical and the dramatic productions will be presented in Oller Auditorium beginning at 8:15 p. m.

The drawings of Stuart Frost, professor of drawing at Penn State, will be exhibited in the Shoemaker Galleries in the

Carnegie building for the month of October.

Frost has had many one man shows and has been represented in numerous group exhibits including those at the Pennsylvania Academy of the Fine Arts, the Museum of Modern Art and the Metropolitan Museum.

Other Events

"Pioneers of Modern Painting," a new six-part film series written and narrated by Kenneth Clark, will be shown in Alumni Hall weekly beginning Tuesday, October 10, and every Monday evening thereafter. The series is sponsored in Huntingdon by President Stauffer and is on loan from the National Gallery of Art.

The film series covers the life and work of Edouard Manet, Paul Cezanne, Claude Monet, George Seurat, Henri Rousseau and Edvard Munch.

An exhibition of photographs by Jerry Velsmann will be held in the Shoemaker Galleries during the month of November. The exhibit is on loan from Eastman House, Rochester, N. Y.

The JUNIATA COLLEGE BULLETIN is published monthly except July and August. Second Class Postage paid at Huntingdon, Pa. 16652. Send Form 3579 to Juniata College, 17th and Moore Streets, Huntingdon, Pa. 16652.

The JC Bulletin is designed and produced by Barnard Taylor, editor; David A. Kreider '71, associate editor; Mrs. D. Bruce Davis '65, class notes editor; Terry K. Engdahl, sports editor; and Mrs. John B. Cook and Mrs. George N. Weaver, editorial assistants.

Juniata fall sports schedule in full swing

1972 FOOTBALL SCHEDULE

Juniata 24—*Delaware Valley 14
Juniata 7—Denison 37
Juniata 0—*Albright 17
Juniata 17—*Susquehanna 0
Juniata 7—Westminster 22
Oct. 21—*LYCOMING
Oct. 28—GROVE CITY (PARENTS DAY)
Nov. 4—*at Western Maryland
Nov. 11—*at Moravian

*Middle Atlantic Conference.

It's that time of year again, when the oblate spheroid starts hopping crazily over the cleat-punctured green turf, and sports fans all across the nation begin announcing, previewing, analyzing and agonizing over that great sport football.

Juniata College is doing it all over again with its own brand of heart-pumping, exciting football, and if you recall last season, you will remember that six of the nine games went down to the final plays of the fourth quarter until the winner was determined.

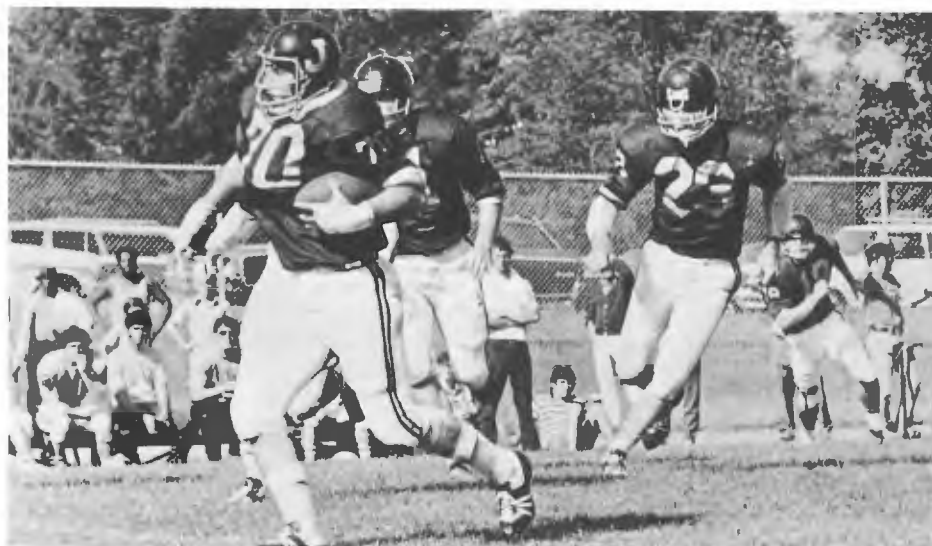

A one-word analysis of the 1972 squad would be "small" but Coach Walt Nadzak and his staff are impressed with the team's aggressiveness and hope it will help erase that deficit in size. The Blue and Gold face the toughest schedule in JC history during the 1972 campaign with nationally ranked Westminster and Ohio Conference favorite Denison as the roughest new additions.

Defense will be the name of the game as the 1972 team attempts to match the performance of a year ago when the defenders were ranked tenth among national college division leaders in defense against scoring, allowing only 8.9 points per contest.

Two of the three Juniata tri-captains, Bob Waggoner at linebacker, and Tom Herrman at defensive end, led the stingy defense. The Big Blue squad suffered a major setback before the season opened when 1971 defensive backfield standout Brian Hoover, who intercepted a team-leading seven passes, broke his leg playing softball.

Offensively, Juniata figures to improve on its scoring punch with a more versatile attack and some talented individuals. Transfer quarterback Gary Shope, a Huntingdon native, coming to Juniata by way of VMI, is the first-string signal-caller and the coaches agree that the Junior passer has the tools necessary to generate offensive firepower.

The Blue and Gold offense will be a

Bob Waggoner, 70, is shown above seconds after he intercepted a pass in the Delaware Valley game. The husky linebacker was a key figure in the Juniata defense until he sprained an ankle against Denison. The other identifiable Juniata player in the picture is number 23, Dee Adcock.

power-I formation, but also includes the various options of the popular wishbone offensive series. Shope will be passing both from the drop back and sprint out approaches and his arm has the strength to produce bullet-like throws with accuracy.

On the receiving end of many of Shope's passes will be Karl Bergstresser, the third of the Juniata tri-captains. Bergstresser was the leading receiver on the 1971 squad with 26 catches for 311 yards and is capable of playing both tight and split end. The development of Frank Wiley, a freshman tight end, will determine just when Bergstresser will move to the outside.

Youth and inexperience is the prime concern about both the offensive and defensive lines. Only time will tell whether desire, discipline and enthusiasm will carry the blockers until that all-important game experience is gained.

All in all, it is an exciting season, because football is an exciting sport. Stick with the Big Blue and Gold and pick up tickets for as many games as you can attend. Included in this issue of the JC News will be as many game summaries as the printing deadline permits.

Juniata Tops DVC

Junior quarterback Gary Shope's passing led Juniata to a comfortable 21-0 lead in the first half of the opening game against Delaware Valley and the Blue and Gold coasted home from there to a 24-14 victory.

Shope kept the Aggie defenders baffled

with a blend of passing and option plays and rang up impressive statistics by the end of the first two stanzas. The Huntingdon native completed seven of eight passes for 116 yards and one touchdown in the first half.

Running back Greg Kennedy led all rushers with 78 yards on 11 carries.

Denison Blitzes J-Men

After a 7-7 deadlock at the end of the first half, Denison University showed why it is considered one of the top teams in the Ohio Conference by riddling the Juniata defense for a convincing 37-7 victory.

Juniata scored first on a 12 yard run by Greg Kennedy and held that lead for more than one quarter of play before the Big Red blasted over with less than six minutes left in the second period. With greater size and depth, Denison steadily increased its advantage in the latter stages of the contest.

Juniata Shutout by Lions

Albright College used a tough defense to shut off the Juniata attack and earn a 17-0 shutout victory.

The Lions scored on the third play from scrimmage and Jim Kuhn added a field goal before the first period was over before the defenses took charge. Juniata's defense held its own against the powerful Lions until the fourth quarter when the visitors from Reading scored on a long pass play.

Juniata's only scoring threats were a pair of field goal tries by Mike McNeal.

CROSS COUNTRY

"We want a winning season and the kids are working hard to get it," says Jack Swinderman, head cross country coach at Juniata College as the season begins.

The 1972 version of the Juniata cross country squad has more balance than has been the case in the past few years and will be in position to produce that elusive winning campaign Swinderman and his team are looking for.

Gone from the squad is number one man Denny Weidler of Annville, who was the top performer for the Blue and Gold for four straight seasons and rarely defeated. The graduated captain of 1972's team was frequently clocked around the 25 minute mark on the hilly Huntingdon course.

Coach Swinderman has Brian Maurer from Palmyra back to lead the squad. The head mentor says that Maurer could approach Weidler's performances with some hard work and more experience.

Rounding out the starting five will probably be senior captain Scott Williams, juniors James Bowen from Chambersburg and Grant Brewin from Souderton and maybe freshman Stephen Hooper from Altoona, who has impressed everybody so far. Swinderman also has a host of other talented frosh prospects and the lineup could be vastly changed from meet to meet with the competition present on the squad.

Freshman Jack McCullough and Brian Maurer have led the Juniata cross country team in the early meets. McCullough won against Johnstown-Pitt with 26:10 and finished second at St. Francis while Maurer won against Albright with 26:18 and was second against Johnstown-Pitt.

1972 CROSS COUNTRY SCHEDULE
